progress is measured by a pass/fail system. Students who do not maintain a passing status are subject to dismissal at the discretion of the instructor.

16 Attendance Policy – All Programs

Attendance is an extremely important part of the learning experience. This institution requires that a student attend all scheduled classes. Instructors use a physical roster to take attendance at the beginning of the class and the end of the class. All students must stay in the classroom for the duration of the class. If a student must leave the class early, the student must notify the instructor before the class so that he/she will not distract the class.

If a student has a valid excuse for missing a class, they must submit in writing to the Director of Training as to why they missed class. If the absence is excused, the student must make up the course as a later scheduled date with the permission of the Director of Training and instructor if the students wish not receive a failing grade for the day (Note, all courses at PWA are short, therefore attendance is crucial. Excused absences include, but not limited to, doctor's note and work scheduling issue.

In case of illness or emergency, you must provide written documentation from the doctor & provide it to the administration.

Attendance Calculation towards the grade

Attendance counts as 8% of the grade

Absence

Six absences (15% of the total program) constitutes a fail grade for the CESS Program.

Four absences (16% of the total program) constitutes a fail grade for the CST Program.

Three absences (15% of the total program) constitutes a fail grade for the CPS Program.

Tardiness/Early Departure

A student is allowed to be tardy or leave early 5 times before accruing one absence. It is important for you to be in class on time in order not to interrupt the instructor, students, and lesson. Students will be marked tardy if they are not present within the first 10 minutes of each class session or if they leave 10 minutes before class is over. Students arriving after the first hour will be marked absent. Five incidents of tardiness or of leaving school without a legitimate excuse constitute an absence and any missing material. Excessive tardiness may lead to a dismissal from the school.

Probation

Students will be placed on probation if they do not meet the requirements for Satisfactory Academic Progress at the mid-point of the program and/or program completion. The probation may cover a period no less than thirty days or the duration of the class of study. If by the end of their period the probation conditions are met, then probation will be removed. 22 Placement Assistance Services

Pacific West Academy is committed to placing our students in qualified security careers. We offer placement assistance both in house and with our security partners. All PWA students are instructed on how to write resumes, hold interviews and perform key duties as security professionals. During the training, PWA instructors assist students to create a profile on ASC Protection's unique security related job search engine Guard Source One: www.guardsourceone.com Students record videos and upload all their certificates and photos to the site where several security firms including ASC Protection can view and contact prospective employees. The site is free and open to anyone regardless of whether or not they attended PWA. PWA provides continuous and lifelong job placement assistance to all its graduates. ASC Protection is also the largest Executive Protection Company in Southern California and continuously recruits from its own training program.

Pacific West Academy invites security companies to recruit and speak to the students about the job opportunities and benefits of each company.

Pacific West Academy has implemented an online job search engine that is geared specifically for the security field, where any candidate from any security training academy or background can create an account for free. Hundreds of jobs around the world are available on the site for security candidates.

Students are interviewed before and during the program by PWA administration staff to identify potential weaknesses and strengths for job placement services.

PWA instructors hold video interviews with students and help students post videos and create accounts on Guard Source One (<https://www.guardsourceone.com/>). The students' resumes are examined and edited by the instructors and basic hiring techniques are taught in the job placement training course.

Prior to graduation, students review their job prospects with the PWA staff, at which time the staff assists with placement by calling companies they have shown interest in.

Students fill out a questionnaire on the jobs they would like to apply for based on their home of record and ability to travel.

Pacific West Academy does not **guarantee** employment.

23 STRF Disclosures

76215. Student Tuition Recovery Fund Disclosures

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans,
and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-

out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.

Sponsorships

Pacific West Academy allows for companies or entities to provide sponsorships to individuals that have met the criteria set forth by Pacific West Academy. The sponsorships enable the recipients to study at Pacific West Academy based on financial needs of the student and/or company which sponsors them.

Pacific West Academy has established the following procedures pursuant to which sponsorships will be awarded from funds where donor/advisors have any advisory privileges or participation in the selection of grant or award recipients. The following procedures shall be interpreted so as to ensure Pacific West Academy's compliance with all applicable requirements of state and federal compliance.

Information regarding the sponsorship is made public and open to the community as a whole. Information regarding the sponsorship is included in the institution's printed and web-based

Committee members are given the information prior to the meeting and discuss the choices at the meeting and vote on their final decisions. There are five members and the majority decision is chosen. Applicants who are not selected may reapply quarterly (with documentation renewal).

Criteria

- Sponsorships will be awarded based:
 - The completion of a Pacific West Academy application
 - Submission of a personal essay stating the student's desire to pursue educational and career goals in high-end security and executive protection.
 - Financial need
 - Passing the Physical fitness standard for PWA
 - Passing an interview with PWA's Director of Training and Lead Instructor

Deadline for Submission

25-8 Satisfactory Academic Progress

Grading Policy

Student achievement is measured using a percentage system of 0 – 100%. Students must have a cumulative grade of 70.0% in order to maintain satisfactory academic progress and graduate. Students are monitored, assessed and the grades are recorded daily. Students are notified of their grades at the 1st quarter, midpoint, 3rd quarter and end of the course. Students falling below the 70.0% mark at any point of the program will be notified verbally by their instructor. Students that maintain a grade lower than 70% at 50% of the program's completion will be notified in writing by the Director of Training that they will not graduate from the program unless they can pull up their grade by 75% of the program completion. Due to the shortness of the program, students that fail to maintain satisfactory academic progress will be notified in person by the director of training at the end of each quarter and weekly thereafter. If, after notification, a student fails to maintain a grade of 70.0% at the time third quarter grades are released, the student will be dismissed from the program for unsatisfactory performance.

Make-up work

At the discretion of the Director of Training and Instructor and depending on available space, students will be given the opportunity for make-up work. Successfully completed make-up is given full standing to determine satisfactory academic progress. The time spent doing make-up work is not counted toward attendance requirements. For example, if a student misses their class, they must make up the work on their own time.

Class Incompletion

With instructor's approval, a student may be granted an extension to complete the required class work. If the work is not completed within the designated period, the student will be assigned a failing score for that class.

Program Withdrawal

A student who withdraws from a class will receive the symbol "W" (Withdrawal) for the program, which has no impact on the grade.

Repetitions

Students can repeat a class only once. The ability to retake the class is subject to the instructors' recommendations and to availability of space in classrooms. The grade earned from a repeated class will replace the original grade and become the final grade of the student's record.

Maximum and Minimum Timeframe:

All programs must be completed within 150% the originally contracted length of time. All students must complete 84% of all the programs to be considered a graduate.

Appeals Policy – Academic or Otherwise

Students may petition any decision made in regard to their academic progress or violations by submitting a written statement no later than one class after the decision. The Director of Training and Chief Academic Officer review the appeals letter and hold a meeting with the student in question. The appeal must describe the circumstances and reasons as to why the student’s academic record needs a change. The decision of the Director of Training and Chief Academic Officer must be delivered to the student no later than two classes after the submission of the letter. The appeals decision is final and is the ultimate step in the appeals process.

If the internal appeals process is not sufficient, students can appeal by contacting the Bureau for Private Post Secondary Education (BPPE) at:

Bureau for Private Postsecondary Education P.O. Box 980818, West Sacramento, CA95798-0818.

Information for students Using Post-9/11 G.I. Bill® (CH33) or Vocational Rehabilitation and Employment benefits (CH31)

A student using Post-9/11 G.I.
